## COOKING & CRAFTING CAMPS

### COOK, CRAFT, & CREATE (AGES 5 – 12 Years)

Students will love this mix of cooking, food-art, food-inspired crafts, games, and tech-free camp fun! Each week, students will focus on one style of cooking and food art. They will build upon their skills each day, learning new techniques to create fantastic edible creations. In addition to cooking, crafty students will love creating unique food-inspired crafts, joining in fun games, and of course, creating weekly clay masterpieces based on our food of the week! Students receive a new food art kit each week!

We can accommodate most allergies upon request.

**Cook, Craft, and Create camps run Monday – Friday, 1:00 pm – 4:00 pm**

### SAVOR THE SUMMER FOOD ART CAMPS (AGES 9+)

Foodies unite! Kids who love crafting in the kitchen will absolutely ADORE these creative food art classes! Each student receives an awesome new food art kit each camp! Each week begins with a kit reveal and learning basic techniques and skills for the current food theme. Mid-week presents opportunities to develop and refine skills through guided projects. We take a break from cooking on Thursdays and have a blast creating food-themed crafts such as adorable clay sculptures, playing theme-related games such as Sushi Go, AND planning out our designs for the Friday challenge! Friday concludes with students putting their skills together in a NAILED IT! Challenge!

We can accommodate most allergies upon request.

# READING, LITERACY, & KINDER PREP CAMPS

## ADVENTURES IN READING (5 – 8 Years)

Adventures in Reading is a fun and engaging literacy camp that fosters a love for literature while strengthening essential skills in reading and writing. The days are lively and engaging, with multi-sensory activities that provide an atmosphere of fun and learning.

This camp offers a daily routine that includes phonics instruction, fluency and comprehension activities, writing opportunities, and cross-curricular literature extensions such as art, STEM activities, weekly clay projects, Reader’s Theater, etc. that capture interest and strengthen a love for reading and literature!

Students will be divided into small groups and lessons will be tailored to the age and ability level of each group.

Our teachers are highly experienced, hold degrees/certifications in education, and are trained in the Orton Gillingham approach.

### **June 5 - 9: Oh, Oh, The Places We’ll Go!**

Join us for a week of discovery, exploring magical places and far off lands!

### **June 12 - 16: Hear Ye, Hear Ye!**

Join us in the medieval courts and get ready for a week filled with royal wonder as we learn about dragons, castles, knights, royalty, and more!

### **June 19 - 21: Tall Tails, Small Tails**

Tall tails, small tails...who doesn’t love reading fun tales about tails? This animal-themed week is sure to spark interest as we read and learn all about our backyard friends!

## KINDER PREP (RISING K)

Ready, set, LEARN! This camp helps ease the transition from summer to school for students entering kindergarten in the fall. The morning routine will mimic that of a traditional kindergarten classroom and will include morning meeting, math and reading centers, story time, recess, etc. Students will strengthen kindergarten readiness skills such as classroom etiquette, fine motor activities (cutting, gluing, writing their name), and a review of basic kindergarten academics such as letters, sounds, and basic math concepts.

**July 24 - 28**

9:00 – 12:00

# READING INTERVENTION CAMPS

## SUCCEEDING IN READING (Ages 6 +)

Succeeding in Reading is a structured literacy program that provides an explicit, systematic, and cumulative approach to teaching reading using the “Comprehensive Orton Gillingham Plus” Approach. Our method emphasizes the structure of language across all components, including letters and sounds; words and word parts; spelling patterns and rules; context and meaning; as well as vocabulary and comprehension. This program integrates reading, writing, speaking, and listening.

Our program increases student performance in phonological awareness, decoding (reading), encoding (spelling), comprehension, and fluency. This program is an exceptional solution for struggling readers and/or students with dyslexia who need intensive reading intervention in a compassionate and nurturing setting. This program is taught by highly experienced, certified teachers who are trained in the Orton Gillingham Approach. Our teachers are creative, caring, and compassionate and have proven track records of helping students succeed in reading!

<b>FOCUS:</b> Review Consonants Review Short Vowels Intro to Decodable Single-Syllable/CVC words Basic Sight Words Phonemic Awareness Simple Sentences	<b>FOCUS:</b> Long Vowels Vowel Teams 2 – 3 Consonant Blends Two Syllable Words Increase Sight Word Recognition Basic Spelling Rules Sentences and Short Stories	<b>FOCUS:</b> Complex Vowel Teams Reading Multisyllabic Words Review Spelling Rules Affixes Morphology Syllabication Strategies Grammar & Syntax
Our primer level reviews the consonants, short vowels, diagraphs (sh, th), and most common sight words. Using our systematic approach, students will begin reading CVC words and short phonetic sentences. Within just a few days, students will feel more confident in their reading and writing skills!	In this level, students transition towards fluency and build reading acumen as they learn how to read words with long vowels, vowel teams, blends, and more. They will learn to apply multiple spelling rules to their writing. Students will add new sight words to their word bank and will be able to read more complex words and longer sentences in short stories. There will be an emphasis in both decoding (reading) and encoding (spelling) in this class.	Students at this level build fluency and confidence as they are now able to decode most words using their broad knowledge of phonemes, sight words, and syllabication strategies. At this level, students will be taught more complex vowel teams such as –eigh and –ough. They will also learn the meaning and application of affixes (un-, -able, -ful, etc.) as well as other morphology strategies. There will be an emphasis in both reading and spelling in this class.
